RE: Trash Removal Reminder

As noted in a December notice, Hilltop Farms Condominium Association has engaged E.L Harvey and Sons as the new trash removal vendor effective January 22, 2010.

The Board is asking all homeowners to put your trash bin out on Thursday night January 14, 2010 and the current trash vendor Tom Berkowitz will remove the old bin when they pick up the trash on January 15, 2010.

On the same day, January 15, 2010, E. L Harvey will deliver all units a new trash bin for your use. Four RECYCLE bags will be in the bin, along with an introductory letter explaining the process, plus a convenient chart showing how the recycle materials are to be sorted. We urge you to participate in the recycle program, and we are making every effort to keep it simple and convenient for you.

It is very important that your current Green color Trash bin be left out to be collected as if not, the current trash vendor will charge the association fees for any bins not collected. It is in our best interest to avoid such fees and not to occur unnecessary expense.

Please visit HYPERLINK "http:// www.hilltopfarmshoa.com for updates on the trash vendor switch-over.

Thank you again for your cooperation.
